WORK EXPERIENCE

Frugal Scientific Pvt.Ltd,Perambra,Kozhikkode

Product Trainee Engineer

MAY 2024- PRESENT

PROJECT

- Troubleshoot and resolved software issues in TORUS, a logistics management platform, improving functionality and ensuring seamless operation of logistical activities.
- Utilized React Material UI to develop intuitive, visually appealing interfaces, adhering to modern design principles and best practices.
- Leveraged React Redux for efficient state management, ensuring smooth data flow and enhancing application performance.
- Developed a Comprehensive Medical Information System using React and Material UI to efficiently collect, manage, and evaluate patient details, ensuring seamless user experience and responsiveness across devices

Full Stack Developer Academy,Kozhikkode

Full Stack Developer Intern

MARCH 2024 - MAY 2024

PROJECT

- Contributed to the development of SARGA (Order management system) using React, Material-UI, and Redux Toolkit, enhancing the user-friendly interface and streamlining order processing.
- Collaborated on managing multiple user roles (Admin, Licensee, Vendor, Accountant, Operator, Manager), ensuring tailored access and functionality for each.
- Assisted in designing an intuitive dashboard delivering real-time insights to improve overall user experience and decision-making.

Spectrum SoftTech Solutions,Kochi

Full Stack Developer Trainee

NOVEMBER 2023 - MARCH 2024

PROJECT

- Developed a feature rich E-commerce platform named TRENDZ using React, Node.js, Express.js, and MongoDB, providing a robust full-stack solution.
- Implemented secure user authentication and streamlined login/signup functionalities to personalize the user experience.
- Built a comprehensive admin dashboard with real-time insights and efficient management of products, orders, and users.
- Integrated Razorpay for seamless payments including a wallet system, ensuring a smooth checkout experience.
