WORK EXPERIENCE

Software Developer | Jan 2025 – Present

Inditech Data Insights, North Paravur, Aluva

- Contributed to full-stack development of a POS application for sales transactions and inventory management.
- Designed responsive dashboards using React, Material UI, and Tailwind CSS to enhance user experience.
- Developed RESTful APIs using Node.js and Express.js to support frontend data consumption.
- Integrated MongoDB for efficient storage and retrieval of transactional and master data.

Product Trainee Engineer | May 2024 – Dec 2024

Frugal Scientific Pvt. Ltd., Perambra, Kozhikode

- Troubleshot and resolved software issues in TORUS, a logistics management platform, improving functionality and ensuring seamless operation of logistical activities.
- Developed a comprehensive medical information system using React and Material UI to collect, manage, and evaluate patient details, ensuring a seamless, responsive experience across devices.

Full Stack Developer Intern | Mar 2024 – May 2024

Full Stack Developer Academy, Kozhikode

- Contributed to the development of SARGA, an order management system, using React, Material UI, and Redux Toolkit, enhancing the user interface and streamlining order processing.
- Implemented role-based access for multiple user roles (Admin, Licensee, Vendor, Accountant, Operator, Manager), ensuring tailored access and functionality for each.

Full Stack Developer Trainee | Nov 2023 – Mar 2024

Spectrum SoftTech Solutions, Kochi

- Developed TRENDZ, a feature-rich e-commerce platform, using React, Node.js, Express.js, and MongoDB.
- Integrated Razorpay payment gateway with a wallet system, ensuring a smooth checkout experience.
